Shannon Hulbert, CEO of Opus Interactive, was recently named to [Mirror Review's Top 10 Most Prominent Leaders in Cloud Computing](#). With a footprint in Iron Mountain's FISMA-High facility in Manassas, the hybrid cloud and colocation company has achieved 30% growth year over year since 2012 and was included in the Inc. 5000 Fastest Growing Private Companies in the nation for the past 2 years. The company was named to the 2019 CRN Next-Gen 250 List, annual list that recognizes standout IT solution providers that embrace emerging technologies to adapt to an evolving marketplace. A member of the Yurok Tribe of California and recipient of NCAIED's Native American 40 Under 40, Shannon brings over 20 years of strategy, and brand development expertise and currently holds memberships in Infrastructure Masons, Portland Business Journal Leadership Trust, and the Pacific Northwest Defense Coalition.

Prior to her work with Opus Interactive, Shannon headed a marketing services company and specialized in federal, state, tribal, and private initiatives in the energy, tech, and health industries. Her experience includes over 7 years marketing utility energy-efficiency programs across the nation spanning lighting, products, residential, commercial commissioning and retrocommissioning, grocer and multi-family programs, including lead design work for 6 ENERGY STAR award winning programs.

Shannon is also founder of Redbridge Foundation, 501c3 host of the Energy & Tech Tour. The Tour is the first road tour/summer camp committed to educating underserved youth on STEM-related careers in energy and tech. She is an advocate for women in tech, STEM, sustainable energy, and rural connectivity.

About Opus Interactive

Founded in 1996, Opus Interactive has earned a reputation for complex hybrid cloud solutions that deliver compliance, performance, security, and cost. An accredited member of the International Managed Services Provider Alliance, the Company operates from Tier III+ data centers located in Hillsboro, Portland, Dallas, and Northern Virginia. Through close partnerships with industry-leaders and a commitment to customer satisfaction, Opus offers [Hybrid Cloud & IaaS \(with IaaS, Object Storage, and Virtual Desktop Infrastructure\)](#), [Enterprise Colocation](#), [IT Services](#), [Network Connectivity](#), [DRaaS & Backup](#), [Hybrid Cloud Monitoring & Management](#).

OPUS Interactive is a woman and Indian-owned enterprise that has worked closely with VMware and HPE partnership programs since 2005. With past performance that includes more than 20 years of proven results and current compliance with PCI-DSS, HIPAA, and SSAE 18 SOC 2, Opus helps customers reduce cost and optimize resources using [efficient operations](#). The WBENC certified company recently [received FedRAMP authorization](#) for its IaaS/PaaS offering, housed inside of FISMA-high rated facilities.
